American Framework pre-intermediate

American Framework is a multi-level English course for young adults. It combines fresh, motivating topics with an emphasis on authentic skills work and real English.

American Framework provides the new generation of World English language learners with the tools to achieve true communicative competence.

- appealing topics and authentic communicative tasks which reflect real-world situations
- high frequency vocabulary and expressions exemplified by "The Real Thing" feature
- inductive approach to grammar with meaningful practice of new and recycled structures
- integrated "World English" DVD showing real people's lives and providing stimulating cross-cultural comparison and training in understanding different accents
- emphasis on learner autonomy with CD-Rom featuring interactive skills work and self-assessment progress tests
- developed in line with the Common European Framework objectives
